25X1

was working at Institute 380 on a 20 x 30 cm. measuring equipment for TV transmitters. [redacted]

25X1

Dr. KAUFMANN¹ originally came from Siemens, Berlin, and later worked with OSW, Berlin. While at Siemens, he was the chief of the radar antenna department. These antennas were used in radio location equipment. He is still in Leningrad 380 (March 1953). He is an excellent mathematician. His wife is deceased. His children are in East Germany with relations. He is non-Communist.

SCHUETTLOEFFEL corresponded with Dr. KOTOWSKI. He was located somewhere near Moscow.² [redacted]

25X1

Mr. FEUSSNER¹ was chief constructor at Telefunken, Berlin, during the war. He worked for OSW after the war. He was sent to Svetlana, and is still at Institute 380 with Dr. KOTOWSKI and KAUFMANN. He is "cooling off" today (March 1953). An old man, he was a constructor of navigational receivers used by the army and was also a radio instructor for the army.

Dr. AMMON¹ is not a scientist, although he studied physics. He is also working with this group. He is presently "cooling off" in Institute 380.

25X1

1. [redacted] Comment. KOTOWSKI, KAUFMANN, AMMON, and FEUSSNER have been reported first at Postfach 522, Leningrad (Zavod 619 and Zavod 211, "Svetlana"), and then at the Lesnoy Branch, Institute 380, Leningrad. A Dr. Alfred ZINCKE also worked with this group.

2. [redacted] Comment. SCHUETTLOEFFEL has been reported to be at Polygon Farm, Kuchino.

3. [redacted] Comment. A Georg BRANDEL (BRANDL) was at Podberezye.

4. [redacted] Comment. ZIGANKE has been reported at NII 160, Fryazino, and NII 11, Kstovo.

5. [redacted] Comment. HASSELBECK has been reported at NII 11, Kstovo.
